Download Visions of Arzachel Free Online Portal.Q: How to get the Post's Content Attribute value? My post have some custom attribute value to post. How to get these values? like this, A: If the custom attribute is just another key inside the array that is returned, I think you could use the get_post_meta_raw() function which returns an array of everything that is stored. If the custom attribute is something like a title for a post, you'd just have to use the title_format parameter. $post = get_post(); $get_post_attribute = get_post_meta($post->ID, 'custom_attribute', true); $get_post_attribute = get_post_meta_raw($post->ID, 'custom_attribute', false, $post->post_type); foreach($get_post_attribute as $key=>$value){ echo $value; } Q: What is the diffrence between instaread and display in android I am reading a book that is written in 04aeff104c
